**Connect for support**

Remember that with our courses, you're not alone! You can contact an expert code reviewer to get support on any aspect of your course.

The best way to get help is to login to Discord at <https://discord.com/invite/hyperdev> where our specialist team is ready to support you.

Our team is happy to offer you support that is tailored to your individual career or education needs. Do not hesitate to ask a question or for additional support!

---

## Compulsory Task

Follow these steps:

- Update your LinkedIn profile to indicate that you have successfully completed your Bootcamp. Add your “Completion Certificate” to your profile. Add any additional skills that you have acquired to your profile. Add a link to your online portfolio. Add a link to your blog if you have one.
- Push any extra code/projects that you would like to showcase to GitHub.
- Review all the projects that you have added to GitHub. Make sure that all your code adheres to appropriate style guides. Also, make sure that each project has a detailed README file. Remember that each README file should include:
  - The project name.
  - A clear, short, and to the point description of your project. Describe the importance of your project, and what it does.
  - A table of Contents to allow other people to quickly navigate especially long or detailed READMEs.
  - An installation section which tells other users how to install your project locally.
  - A link to the deployed project.
  - A usage section that instructs others on how to use your project after they’ve installed it locally. Include screenshots of your project in action.
  - A section for credits which highlights and links to the authors of your project if the project has been created by more than one person.
- Update your personal website to indicate that you have successfully completed your Bootcamp. Add a link to your “Completion Certificate”. Add links to any code that you have written that you would like to showcase. Add a link to your blog if you have one.

If you are having any difficulties, please feel free to contact our specialist team [on Discord](#) for support.
